INTRODUCTORY COMMENTS

In supplement to the response filed March 16, 2004 respecting the official action mailed December 16, 2003 in the above-identified patent application, reconsideration of this application is requested in view of the additional amendment submitted herewith.

The initial response to the official action was fully responsive thereto and was complete in all respects. However, upon a review of the claims as amended in the prior response, it is desired to modify a previous amendment in the manner described herein.

AMENDMENT TO CLAIM

The claims are amended as shown on the following LIST OF CURRENT CLAIMS, which shows the status of all claims presently in the application and the additional amendment provided in this paper. All amendments to the claims are made without prejudice or disclaimer and all rights are reserved with respect to the original disclosed and claimed subject matter.
